

'HEAR NO EVIL'

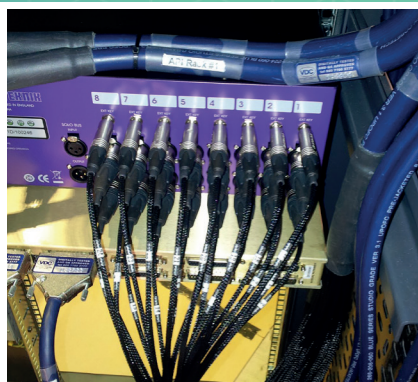

Don't overlook the most crucial part of your install.

VDC Trading Ltd has been providing professional no compromise cabling solutions for over 30 years. We only use the finest quality products in our work. We supply the complete Van Damme range of audio, video, data and fibre cable and connectors plus Neutrik connectors, Mosses & Mitchell patch-bays and we are an exceptional source for custom metalwork and racking. Our in-house technical and production team will 'spec' out and build your cabling system to exacting standards - we pride ourselves on our quality.

A selection of our regular clients are Abbey Road Studios, Coldplay, Digico, National Theatre, BBC, Sky - people that cannot be let down..!

Langdale Technical have a presence in both education and the very top end of the pro-audio market and has an enviable wealth of system design and installation experience to offer educational markets with countless builds in both music and post production encompassing formats from stereo to full Dolby Atmos.

Recent installs at **LSBU, UWL, Durham, Westminster, Winchester and York Universities** along with public schools such as **Millfield** and **Gresham's** are complimented with top end commercial work at some of the finest facilities in the world including studios such as **Abbey Road** and **Dean Street** in the UK and international builds in Europe, the Bahamas, Iceland, Russia and China.

Working closely together **VDC Trading** and **Langdale Technical** offer a perfect turnkey solution for technical, cabling and installation requirements.
